## APPARENTLY COMING OUR WAY

The President Causes Spain to Quit Her Monkey Work and Get Down to Business.

First Draft of Her Reply to This Country Was Full of Slush Which Even Her Representative Resented.

## THE AMERICAN PROTOCOL WILL DOUBTLESS BE SIGNED.

Always a Possibility That the Spanish Government Will Squirm Out at the Last Moment—Scarcely Probable, However, That It Will Affront the French Ambassador After Proceeding Thus Far—Some Delay Inevitable Owing to the Necessary Work of Translation—Terms of the Chief Executive Remain Practically Unchanged—Evident Backdown on the Part of the Dons in Abandoning Their Conditions—Naval Officials Opposed to an Armistice Until Moro Castle at Havana and Other Points of Vantage are Turned Over as Pledges of Peace.

[BY DIRECT WIRE TO THE TIMES.]

**WASHINGTON, August 10.**—[Exclusive Dispatch.] There is little to be added to the peace situation tonight. The protocol which will bring to an end the hostilities between this country and Spain has been practically completed, and all that now remains is the approval of the Spanish government and the attachment of the signatures of the representatives of this country and Spain.

**M. Cambon, the French Ambassador, has cabled for authority to sign the protocol and has also transmitted to Madrid a draft of it.** All things considered, the protocol ought to be agreed upon finally and signed within the next forty eight hours at the outside, and it would not be surprising if it were agreed to before sundown tomorrow. No one expects that there will be any considerable delay at Madrid, as M. Cambon has impressed upon the Spaniards that President McKinley will not tolerate dilatory tactics.

It was learned, by that the first draft of the Spanish reply received by M. Cambon was notoriously full of quibbling, and it was through the efforts of the French Ambassador that this nonsense was cut out, so that when the answer reached the President it was somewhere near sense and reason.

While there is no doubt that Judge Day will head the American peace commission, there are very serious doubts whether he will resign as Secretary of State, in spite of the cocksure reports to that effect. It is understood Spain's Minister of Foreign Affairs will head the Spanish commission, and it is suggested it would be a courteous thing to have our Secretary of State head our commission. That seems to be the present intention.

Judge Day undoubtedly will resign when the commission's work ends, it is believed. When he does resign the plan is to make Charles Emory Smith Secretary of State and Col. Perry Heath Postmaster-General in place of Smith.

## Protocol to Be Signed.

[ASSOCIATED PRESS NIGHT REPORT.]

**WASHINGTON, August 10.**—The preliminary negotiations looking toward the confirmation of peace advanced a long step today when the Secretary of State and the French Ambassador agreed upon the terms upon which future negotiations for a treaty are to be conducted, and reduced these to the form of a protocol. This protocol, it is true, is yet to be signed and submitted to the Spanish government before the formal signatures are affixed, but the administration views of the progress made today is set out in Secretary Day's sentence: "It is expected that this protocol will be executed."

There is always the possibility in dealing with the Spanish government that it may recede at the last moment from an implied agreement, but it is scarcely probable that it would be willing to involve the French Ambassador in the difficulties that would follow what to the world seems to be a repudiation of his benevolent efforts in behalf of Spain.

There must be delay, possibly from twenty-four to forty-eight hours, before the next step can be taken, and the protocol made binding upon both the United States and Spain, by the attachment of the signatures of the plenipotentiaries, Secretary Day for the United States, and M. Cambon for Spain. The delay will be largely attributable to physical causes. The protocol is long. It must be translated and turned back and set forth into code and simple language no less than five times before it reaches Madrid through the French foreign office. This work was not begun until late this afternoon, after it had

consumed the best energies of Assistant Secretary Adeo of the State Department, and M. Thiebaut, Secretary of the French Embassy, in the preparation in formal shape of two copies of the protocol, one in English and one in French. These were prepared very carefully. The length of the protocol imposed a great amount of labor upon the cipher clerks, or whoever is charged with the work of rendering the original into cipher, so that altogether it is apparent that the consumption of time involved in purely mechanical functions will be so considerable as to make the condition of a very early answer improbable.

As to the character of the protocol it can be stated on authority that the terms are in all practical points those set out in the abstract of the President's conditions, published from the White House a few days ago. From this act it is deduced that the extra conditions and qualifications sought to be imposed by the Spanish government were abandoned, at least in large parts, by the French Ambassador. This deduction is supported by the circumstance that in the early morning and before the conference between Secretary Day and M. Cambon, which resulted in the agreement there was a prevalent impression, based upon the utterances of public men who had talked with the President, that the Spanish answer was unsatisfactory, and that the negotiations looked as if they might terminate suddenly.

As this situation changed so suddenly after the conference, it may be fairly assumed that the Ambassador abandoned the conditions which the President was reputed to have regarded as unsatisfactory. It is believed that the protocol carries within its after-provisions the cessation of hostilities. On this point the naval contingent is urgent that our government adopt the Napoleonic policy of refusing to enter into an armistice without acquiring some substantial pledge to secure the consummation of peace. What they particularly desire is that our government should demand as a condition the cessation of hostilities, the surrender to the United States military forces of Moro Castle at the entrance of Havana Harbor, and some such points of vantage at the other important ports in the territory soon to fall under our control.

The peace negotiations are now believed to be advanced to a point where the President has felt warranted in turning his attention to the selection of the commissioners to be charged by the United States with the drafting of a treaty of peace. So far as can be gathered, but name has been positively determined upon, namely that of Secretary Day, who will head the commission. Beyond that point there is no certainty, although some prominent names have been brought forward. Mr. Woodford, our late Minister to Spain, has been so mentioned, though, as he is credited with entertaining a desire to return to Madrid in the capacity of United States Minister after the war, the two ambitions might conflict, a peace commissioner not always being welcome as a Minister resident, particularly where he has been a party to forcing an obnoxious peace upon the country to which he is to be accredited.

One of the names that finds universal approval among persons versed in diplomacy is that of Mr. Eustis, ex-Ambassador to France, whose staunch Americanism, combined with diplomatic

knowledge and local ability, are urged as fitting him especially for appointment as peace commissioner. The fact that Mr. Eustis is a Democrat would not militate against his chances, as it is presumed the President would rather prefer to make the commission non-partisan.

The naval officers have made up their minds that peace is at hand, and are planning for a reduction of the naval establishment to a peace basis. The first step to be taken will be the retirement of the monitors from active service. They are uncomfortable craft and afford little opportunity for general training. Another matter is the promotion to be accorded to officers who have distinguished themselves during the hostilities. A step was made in this direction today by the submission to the President of the recommendations by the Secretary of the Navy for the advancement of all the officers of Sampson's fleet who distinguished themselves. It was announced some time ago that a board would be appointed to decide on all promotions to be recommended, but for some reason this plan seems to have been abandoned, so far as some of the chief officers were concerned.

## SECRETARY DAY.

He Says the Protocol is Agreed Upon.

[ASSOCIATED PRESS DAY REPORT.]  
**WASHINGTON, Aug. 10.**—Secretary Day at 1 o'clock today made the following statement to the Associated Press:

"We have agreed upon a protocol embodying the proposed terms for the negotiation of a treaty of peace, including the evacuation of Cuba and Porto Rico, and it is expected that the protocol will be executed."

It can be stated that the terms are precisely those laid down by the President in his original note about a week ago. It is believed that nothing but a few formalities remain to be disposed of to secure the signatures to the protocol. The formal signatures to the protocol will not be affixed today. This is definite.

## NOT ONE IOTA.

[ASSOCIATED PRESS NIGHT REPORT.]

**LONDON, Aug. 10.**—The Washington correspondent of the Daily Mail says: "Spain's acceptance of the American peace conditions was so unequivocal that President McKinley determined to compel assent to a protocol fixing definite terms, and the answer given to M. Cambon practically amounted to an ultimatum. It is understood that unless the protocol is signed immediately all negotiations will be suspended and the war vigorously continued. The United States will not abate its terms by an iota."

## PHILIPPINE RELIGIOUS ORDERS.

[ASSOCIATED PRESS NIGHT REPORT.]

**LONDON, Aug. 11.**—The Madrid correspondent of the Standard says: "The fate of the religious orders in the Philippines excites much interest because it is believed that both the Americans and natives will insist upon, if not the expulsion of the orders, certainly a curtailment of their influence and a disestablishment of their property. Though it is admitted that some such reforms are needed, the government is bound to approach the subject cautiously in order to avoid offending the Vatican and playing into the hands of the Ultramontanes and Carlists."

## DEATH TRAPS.

Spanish Positions on the Cuyon River.

The Dons Have Guns Mounted on the Mountains.

Americans Will Have Difficulty in Flanking Them.

Troop C of New York Cavalry Chases Fleeing Engineers Four Miles, Shelled by a Battery on a Hill, Wisconsin to Their Aid.

[A. P. NIGHT REPORT. COPYRIGHT, 1898.]

**COAMO (Porto Rico)** Aug. 10, noon, via Ponce.—Troop C of New York pursued the party of fleeing Spanish engineers, after the capture of Coamo yesterday a distance of four miles along the road to Alibonito. The Americans were checked at the Cuyon River, where the Spaniards had blown up the bridge, and were shelled from a Spanish battery on the crescent of Azonite Mountain. The dismounted cavalry returned the fire, receiving no damage, and holding the positions. A battalion of the Third Wisconsin Volunteers came to their support.

Today Gen. Wilson's column is resting, repairing the bridge and reconnoitering the enemy's position. There are formidable gorges on either side, and the Spanish works are on the crests of mountains commanding the road. The Spaniards have several guns mounted, among them two machine guns sent back into the country from the torpedo-boat destroyer Terror at San Juan. These positions it will be difficult to flank.

All the men wounded in yesterday's fighting will recover.

## EXCITING FORTNIGHT.

Tug Uncus Has a Lively Experience South.

[ASSOCIATED PRESS NIGHT REPORT.]

**KEY WEST, Aug. 10, 12:30 p. m.**—The tug Uncus, commanded by Lieut. R. Brainard, reached here today after an exciting fortnight of blockade duty on the North Cuban coast. When the Uncus left here two weeks ago, she carried Capt. Stable of Gomez's staff with six other Cubans and 500 Remington carbines and ammunition for the insurgent commander's forces. The tug proceeded to Cay Confines near Caibarien, where she put her little Cuban party ashore without encountering a Spaniard. Then the Uncus steamed toward Matanzas.

While lying off Matanzas, a day or two ago, the Uncus was fired upon. She was within two miles of the shore, when, without any warning, the sand battery of 6-inch guns began to throw shells at her. Fully twenty of the missiles fell around the tug within a radius of a hundred yards before she could get out of range. As she steamed away, the Uncus returned the fire with her three forward and after 6-pounders.

## PROPHECY IN THE COMMONS.

[BY DIRECT WIRE TO THE TIMES.]

**LONDON, Aug. 10.**—[Exclusive Dispatch.] Referring to the situation in China, in the Commons today, Dilke said that Russia was not prepared for war and would make no move in that direction until her success was assured. France and Germany were closing the doors in their own spheres of influence in China and enjoying the benefit of Great Britain's in other directions. It was a case of "Heads they win, tails we lose." Soon China would become one of a string of protected empires surrounding Russia.

## MANILA'S DOOM AT HAND.

[BY DIRECT WIRE TO THE TIMES.]

**CAVITE, Aug. 4, via Hongkong, Aug. 10.**—[Exclusive Dispatch.] As Father McKinnon of the First California Regiment Volunteers was returning toward camp Tuesday after his unsuccessful endeavor to enter Manila for the purpose of conferring with the archbishop of that city, hoping to persuade him of the uselessness of further resistance, a Spanish shell burst close behind him and nearly smothered him with dirt. A fragment of shell struck a priest in the back, but it did not penetrate his clothing.

Now that the monitor Monterey has arrived, action against Manila by both the navy and the army may come quickly. The ships have been stripping for action during the last few days. Nearly all boats have been sent ashore and hauled up to the Cavite navy yard. The army preparations are complete. The bay has been too rough lately to land troops. It has been blowing a gale for two days, making it impossible to communicate with Camp Dewey. No reports have been received for the past two nights. Dewey said yesterday that he was waiting for the arrival of the monitors. He would do nothing until the Monterey came, and perhaps not until the Monadnock arrived.

## INFANTRY COMING NORTH.

[ASSOCIATED PRESS NIGHT REPORT.]

**SANTIAGO DE CUBA, Aug. 10, 11 a.m.**—The Spanish steamer Isla de Luzon arrived here this morning and will take 2136 Spanish soldiers. She has bed capacity for 230 sick. The St. Louis sails north today with the Ninth and Tenth Infantry. The St. Paul is expected to be the next transport to leave with American troops.

## ALL HANDS WILL GO.

GEN. ALGER SAYS SO, AND HE OUGHT TO KNOW.

So the Seventh Can Put Away All Doubts and Fears and Pack Its Duds.

TRANSPORTS MUST RUSH BACK.

ORDERS TO THAT EFFECT CABLED TO MERRITT AT MANILA.

Arizona Will Sail Tuesday—Scandia Will Follow Thursday—Volunteer Engineers Sail from New York on the Chester.

[BY DIRECT WIRE TO THE TIMES.] WASHINGTON, Aug. 10.—[Exclusive Dispatch.] Gen. Alger told a Times correspondent today that he had cabled to Gen. Merritt at Manila to hurry all available transports now at the Philippines back to San Francisco to load with troops now on the coast. Gen. Alger said that the 7000 men now at San Francisco will be sent to Manila as rapidly as possible, whether peace or war prevails.

## THEY'RE OFF

And the Others Will Follow in Close Order.

SAN FRANCISCO, Aug. 10.—Co. E and half of Co. D of the First New York embarked today on the steamer Mariposa as passengers for Honolulu where they will report to Col. Barber. The detachment numbers 154 men under Capt. Pickard.

It was given out at army headquarters today that the transport Arizona would start for Manila next Tuesday. Brig.-Gen. King and recruits for the various regiments already at Manila or on the way, will make up the complement. The Scandia will follow the California, will sail not earlier than next Thursday. Work is being rushed on these vessels. There is much to be done on the Scandia, but Maj. Ruben expects to be ready to take aboard the troops next Wednesday.

The transport Alliance, chartered from the Johnson-Locke Company, will arrive here tomorrow. It may be the latter part of next week, however, before the 400 New Yorkers are able to embark on her. The transports City of Sydney and Australia are due here the early part of next week from Manila, and will be cleaned and sent out on another voyage with troops unless peace negotiations put a stop to the further transportation of soldiers to the Philippines. The steamship Mariposa may be delayed until tomorrow morning, as the eastern mails are from twelve to eighteen hours late.

## ALAMO GETS OFF.

[ASSOCIATED PRESS DAY REPORT.] NEWPORT NEWS, Aug. 10.—The Alamo sailed at 3 o'clock this morning for Porto Rico with half of the First Kentucky and Gen. Grant and staff aboard. The Obedim is still loading.

VOLUNTEER ENGINEERS SAIL. [ASSOCIATED PRESS DAY REPORT.] NEW YORK, Aug. 10.—The transport Chester, with the First Regiment of Volunteer Engineers, numbering 1200 men, sailed today for Porto Rico, clearing the bar at 4:30 o'clock this morning.

## HOW ARE THE BOYS?

[BY DIRECT WIRE TO THE TIMES.] CAULFIELD, Aug. 10.—[Exclusive Dispatch.] The surgeons have trephined Capt. Richter of the First California Regiment, and it is hoped he will recover. His first words, when he recovered consciousness were, "How are the boys?"

## SICK SOLDIERS.

[ASSOCIATED PRESS NIGHT REPORT.] ATLANTA (Ga.), Aug. 10.—Five privates, all volunteers, died today of typhoid fever in the general hospital at Fort McPherson. There are 600 patients in the big hospital here. Of these 400 are suffering from typhoid fever. Tampa has sent 250 typhoid patients, 158 came from Chickamauga, and 180 from Fernandina.

## THOSE WHO WILL GO.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, Aug. 10.—There are now about nine thousand three hundred Philippine expeditionary troops in San Francisco. The Arizona and Scandia will take away 3300, leaving 6000 to be forwarded. This includes the Eighth California, which was turned over to the City of Manila about the 15th inst. They will be immediately fitted out for a return trip to the Philippines with troops, and will be followed by the City of Peking, which is due here about the 14th. These vessels will probably carry the Fifty-first Iowa, the Twentieth Kansas and the First Tennessee. Gen. Merritt desires to have all the troops embarked for Manila not later than October 10.

## THEY'RE COMING HOME.

[ASSOCIATED PRESS NIGHT REPORT.] SANTIAGO DE CUBA, Aug. 10, p. m.—The Tenth Regular Infantry marched through to board the auxiliary cruiser St. Louis, which is to transport them to the United States. They were turned over to the City of Manila about the 15th inst. They will be immediately fitted out for a return trip to the Philippines with troops, and will be followed by the City of Peking, which is due here about the 14th. These vessels will probably carry the Fifty-first Iowa, the Twentieth Kansas and the First Tennessee. Gen. Merritt desires to have all the troops embarked for Manila not later than October 10.

## TAKING OF COAMO.

COAMO (Porto Rico), Aug. 9, via St. Thomas, Aug. 10.—[Exclusive Dispatch.] In the capture of this town this morning the Americans took 380 prisoners, practically the whole force of the Spaniards, except their infantry. The Spanish Red Cross attended our wounded as well as their own. Florencio Santiago, Alcaldé of Coamo, surrendered the city to Gen. Ernst. The American flag was hoisted over the town hall amid great cheering. The inhabitants were hospitable and offered our soldiers wine, water and food. The capture of the town took less than four hours. Gen. Ernst's brigade is now pushing forward to Alibonito.

## CARLIST RUMORS.

[BY DIRECT WIRE TO THE TIMES.] BRUSSELS, Aug. 10.—[Exclusive Dispatch.] Exceedingly doubtful is the story published by the Secor of this city, in a dispatch from Barcelona. It says that at a recent meeting of Carlist leaders it was decided to immediately take action, and orders were issued for Carlists to assemble. It is further said that Don Carlos will personally enter Spain Monday or Tuesday next, and that meanwhile 180,000 rifles and quantities of ammunition have reached the Carlists.

## HOW ARE THE BOYS?

[BY DIRECT WIRE TO THE TIMES.] CAULFIELD, Aug. 10.—[Exclusive Dispatch.] The surgeons have trephined Capt. Richter of the First California Regiment, and it is hoped he will recover. His first words, when he recovered consciousness were, "How are the boys?"

## SICK SOLDIERS.

[ASSOCIATED PRESS NIGHT REPORT.] ATLANTA (Ga.), Aug. 10.—Five privates, all volunteers, died today of typhoid fever in the general hospital at Fort McPherson. There are 600 patients in the big hospital here. Of these 400 are suffering from typhoid fever. Tampa has sent 250 typhoid patients, 158 came from Chickamauga, and 180 from Fernandina.

## THOSE WHO WILL GO.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, Aug. 10.—There are now about nine thousand three hundred Philippine expeditionary troops in San Francisco. The Arizona and Scandia will take away 3300, leaving 6000 to be forwarded. This includes the Eighth California, which was turned over to the City of Manila about the 15th inst. They will be immediately fitted out for a return trip to the Philippines with troops, and will be followed by the City of Peking, which is due here about the 14th. These vessels will probably carry the Fifty-first Iowa, the Twentieth Kansas and the First Tennessee. Gen. Merritt desires to have all the troops embarked for Manila not later than October 10.

## THEY'RE COMING HOME.

[ASSOCIATED PRESS NIGHT REPORT.] SANTIAGO DE CUBA, Aug. 10, p. m.—The Tenth Regular Infantry marched through to board the auxiliary cruiser St. Louis, which is to transport them to the United States. They were turned over to the City of Manila about the 15th inst. They will be immediately fitted out for a return trip to the Philippines with troops, and will be followed by the City of Peking, which is due here about the 14th. These vessels will probably carry the Fifty-first Iowa, the Twentieth Kansas and the First Tennessee. Gen. Merritt desires to have all the troops embarked for Manila not later than October 10.

## ARIZONA NEWS.

JOBBERY CHARGED IN CHOOSING THE CAPITOL PLANS.

Local Firm of Architects Interviewed by a "Disinterested Promoter."

FULL-BLOODED INDIANS WED.

NEW CITY DIRECTORY'S POPULATION ESTIMATE OF PHOENIX.

"Buckey" O'Neill Monument Fund Growing—Prominent Prescott Citizen Has a Sudden Death. Old Sheriff Dead.

PHOENIX (Ariz.), Aug. 5.—[Regular Correspondence.] Phoenix was fairly alive with rumors yesterday concerning alleged corruption in awarding the contract for architectural plans for the Capitol building. The excitement was precipitated by the publication in an anti-administration morning paper of an article making a direct charge. Briefly stated, it was that an architectural firm doing business in Phoenix was approached by a "promoter," who offered to pay the sum of \$1000 or \$1500 would fix matters with the Capitol Commission in such a manner that the award would be made to the firm of architects in question; and that, if judiciously managed, the firm could make \$6000 or \$8000 out of the deal. According to the story the "promoter" was very careful to disclaim any connection of the Capitol Building Commissioners with the deal; they knew nothing of it, the promoter stated, and the money was not for them; but the firm in question would nevertheless find that its plans would be adopted by the commission.

The publication of the article immediately created a furor. The members of the Building Commission forthwith visited all the architectural firms in town and secured a statement from each that not one of the members of the commission had approached the firm on this or any other similar business. T. H. Maddox & Son, however, revealed themselves as the firm that had been approached by the "promoter" on the subject, but refused to give the name of the man. Rumor began to whisper it around, however, and it was declared that he was a Democrat in good standing.

Several theories are afloat regarding the would-be corruption. One is that he was not speaking seriously to the architect; that the remark was made on the street in a sort of anarchistic way that has become somewhat popular in the Territory. Another theory is that the firm was in real seriousness, and was intended for what it purported to be. The architectural firm is evidently of this opinion, its members making affidavit to the facts as published in the newspaper.

The funny part of the entire affair is that the Capitol Building Commissioners have been waiting to hear from Gov. Murphy regarding their continuance in office. They expect the Governor to make new appointments, and have finished up their business in order to turn it over to their successors.

ADJUTANT-GENERAL PICKED. The feeling that Gov. Murphy would make new appointments in a majority of the Territorial offices has been almost universal, and the announcement yesterday that H. F. Robinson had been selected for adjutant-general, created a feeling that this was only the beginning of a series of changes.

INDIANS WED. Lewis D. Nelson and Mary J. Winthrop were married at the Indian School in this city last Thursday evening by Probate Judge C. W. Crouse. The contracting parties are full-blooded Indians, the groom being one of the Indians who arrived at the school with the bride at the Phoenix school. They speak English fluently, and to understand one another are compelled to use this language. The bride is a Pima and the bride a Seneca, born and reared in the Indian Territory.

After the wedding ceremony, refreshments were served, and the bride and groom were happy by having made their home at the Colorado River agency immediately after a trip to Casa Grande.

Small Fire at Fresno. FRESNO, Aug. 10.—Shortly before 11 o'clock tonight a fire broke out in the rear of the Fresno Beer Hall, corner of J and Tulare streets. The department was slow in responding, and before it arrived on the scene the fire had spread to the adjoining buildings, which were occupied by G. A. Barron's corner works and J. G. Anderson's real estate office. The buildings were small frame structures. A residence next to Anderson's office and belonging to the Ferguson estate was badly damaged. The total loss amounts to \$5000, with small insurance. The origin of the fire is not known.

The Pope's Illness. ROME, Aug. 10.—Owing to the sudden fall in the temperature, the Pope has contracted an internal chill. On the advice of his physician, Dr. Lippolli, who recommended rest, his Holiness has suspended all audience. The Observer Romano declares that there is no cause for anxiety, but rumors are current that the Pope is suffering from extreme physical weakness and that all business is practically stopped at the Vatican.

POPULATION OF PHOENIX. The population of Phoenix has been one of those uncertain things perfectly safe to guess upon and the higher one can guess, keeping within the bounds of reason, the more popular he is. The fact is that the population varies greatly at different seasons of the year. Each winter there are from 20,000 to 30,000 transient residents. Then, when the temperature gets high and the weather hot, another class of people about equal in number, residents here, leave for the mountains, the seashore, or to the seashore. The fluctuation, therefore, will amount to 4000 or 5000 people. Within the past week a new city directory has been issued, the publishers of which announce that it contains exactly 4699 names.

"We estimate," said one of the publishers one day this week, "that Phoenix has a population of 12,000 people. In securing the names we canvassed not only the city proper, but included in our list the adjacent additions, which are well populated. The names were secured at a time when there was yet a good proportion of the winter transient population. A great many such desired that their names should appear in the directory, stating that they would be here next winter. Phoenix undoubtedly has 12,000 people, at a conservative estimate. We make this statement on the basis that is used in estimating the population of all the large cities by directory publishers."

EFFECTS OF ALCOHOLISM. Governor Murphy has just received an opinion from the Assistant Attorney-General of the United States to the effect that the act of Congress passed May 30, 1885, is applicable to the territories and cannot be set aside or vitiated by legislation on the part of the territories themselves. The act referred to makes the study of alcoholism with reference to its effects upon the human system a compulsory branch of study in the public schools of the Territories, but in the various Indian schools wherever located, and in the naval and military schools of the United States. Mr. Van Devanter, the Assistant Attorney-General, is of the opinion that it is the duty of the various Boards of Education to enforce the law and decide further that teachers must pass a satisfactory examination on this special subject if they have not already done so. The

subject is one that has not to any extent been studied in the past. PHOENIX IN BRIEF.

The G.A.R. militia and citizens generally gave Col. McCord a "farewell" Thursday evening on his departure for Whipple Barracks. Brief addresses were made at the depot by Dr. Beiden, Judge A. C. Baker, Mayor Adams, Edwin S. Gill, Secretary Akers and B. T. Gill, all breathing a patriotic spirit. Mrs. Lena Fisher has commenced suit for divorce in the District Court against her husband, Henry Fisher, a resident of Phoenix, charging him with abandonment and failure to support. Joseph Deck, also an ex-resident of Phoenix, some time ago brought suit for divorce against his wife, who is a resident of the Buckeye State.

Lloyd Johnston, clerk of the Territorial Supreme Court, left on Thursday evening on a six-weeks' trip to Honolulu via San Francisco. Judge J. B. Early, Judge J. M. Burnett and P. K. Hickey left on the same date for a similar destination.

The L. V. Blinn Lumber Company, it is stated, is withdrawing its business from Arizona, and will shortly abandon its yard and office in some place on the Gila the crop was damaged by heavy wind and rains. The new agent, Elwood Hadley, has not as yet taken charge, a business of the agency being conducted by Col. S. L. Taggart of Washington, D. C., who was sent there immediately after the death of H. J. Cleveland.

W. C. Foster has been appointed City Tax Collector and Assessor, vice A. A. Long, removed from office. Mr. Foster will be a very busy man during the next two or three months, for in addition to straightening out the books he will have the annual assessment to make.

On and after August 15, unlicensed dogs will be caught and killed, unless claimed by their owners. The office of County Surveyor has been declared vacant by the Board of Supervisors, but no appointment has yet been made.

The first term of the Phoenix Union High School will begin on Monday, September 12.

A number of buildings for the county poor farm have been completed and accepted from the contractor, but no date has yet been set for their occupancy.

PRESCOTT. Prescott, Aug. 5.—[Regular Correspondence.] An anonymous call for a meeting of the Executive Committee of the Democratic Territorial Central Committee, on August 10, has been issued. It is significant that no names appear to the call, emphasizing the defection in the ranks that has been reported. Mr. Rowe, the chairman, is said to have gone over to the Republican camp.

A. F. Banta, publisher of the Pick and Drill, a weekly paper devoted to mining interests, has made arrangements to publish a morning daily here containing press dispatches.

A special election will be held on the 13th of this month to fill the vacancy in the office of the Mayor created by the death of the late Capt. Buckley O'Neill.

An aged Chinaman who peddles vegetables, Prescott and vicinity, is charged with being afflicted with leprosy. He is said to be shunned by all other Chinese, who will not permit him to enter their stores or houses.

Fred Nagel, operating the Sunrise mine at Placitas, this week brought in a bar of gold bullion weighing seven and one-half ounces.

Two tons of ore from his mine. The ore was worked in the mill of the Chicago Gold Company.

Seymour N. Judd has received a check for \$15 from John Dornington of the Yuma Sentinel, the money being a contribution to the Buckley O'Neill monument fund.

John Hanlon received a telegram from Maj. Brodie in Nova Scotia and left on Wednesday to confer with him on business matters.

Charles Rose, who shot and killed two Mexicans at Crown City, makes a plea of self-defense. His preliminary examination is set for next Monday.

The wash in Lonesome Valley is obtaining anything but an enviable reputation, several fatalities having occurred there in recent years. C. R. Seymour of the curio store had a narrow escape from death last Sunday night about 10 o'clock. He entered the flooded wash with a buggy and team belonging to Sheriff Ruffner and drove into a deep hole. The swift-flowing current swept the outfit down stream, leaving the buggy and team overboard. When they started into the depths, Seymour was swept out of the buggy but held on to the horses. The buggy was completely wrecked and the team so badly injured that it was impossible to get them out. Seymour's purse, containing \$285 in money and \$500 worth of notes, was lost. The horses were rescued finally after a great deal of exertion and were brought to Prescott the following day by Mr. Seymour.

A carload of supplies arrived at Whipple Barracks today, and the volunteers were made happy by having served out to them a full quota of blankets, underwear, hats and socks. The regulation army uniform, one hundred pairs of shoes and seventy-five or eighty blouses satisfied the most urgent needs of the regiment for clothing.

TUCSON. TUCSON, (Ariz.), Aug. 5.—[Regular Correspondence.] The finale of the election's contest inaugurated by Sam Finley against George Oakes for the office of City Marshal appeared in the courts this week, it being a suit instituted against the bondsmen of Finley for the amount of salary drawn by him on his occupancy of the office. The Election Board gave the office to Oakes, but Finley took possession by virtue of a decision from Judge Bethune in the District Court. At the last term of the Supreme Court the decision was reversed and Oakes and the Election Board sustained. The sum of money involved amounts to \$1247.

W. S. Lowe, a hotel man from Santa Barbara, Cal., has taken a lease on the large San Augustine Church, the Academy building, and other structures connected therewith, and will convert them into a hotel. The alterations will be completed within the next six months.

William Cavanaugh, 55 years old, and J. Van Hoesen, 33 years old, who were engaged in drinking all the red liquor in town possible, ended their carousal by taking large doses of morphine. One went to sleep in the Congress House and the other in the yard attached. Both were found dead Tuesday morning. A coroner's jury rendered a verdict in accordance with the facts, and the two men were buried at sunset of the same day. Nothing is known of the cause of death. Gabriel was a Prussian by birth and made the most fearless Sheriff that Pinal county ever had, being repeatedly reflected the law and justice furthered that the kidneys and the old would have hastened his death.

## ARIZONA IN GENERAL.

The County School Superintendent of Coconino county states in his annual report that there are 397 children of school age in the county. This is an increase of ten over 1897. The total enrollment of the county is 458 children, 223 living at Flagstaff and 123 at Williams. The total value of school property in the county is \$30,568. There are twelve teachers employed in the county, one of whom holds a life diploma, five first-grade certificates and five second-grade certificates. The average salary paid is \$12.40. The school term at Williams is eight months and at Flagstaff nine months.

An abstract of the assessment roll in Navajo county shows that 1,926,499 acres of land are valued at \$260,500.50. Improvements on same, \$35,216. Twelve hundred and fifty-two town and city lots are valued at \$73,037.83; improvements on same, \$19,940. 244 horses are valued at \$45,529; 8022 cattle at \$39,583.55; 86,022 sheep at \$125,608; 276 swine at \$129,255; 517 goats at \$74; 73 jacks at \$452; 39 mules at \$690; 209 asses at \$1,045; all other property at \$119,246.55. Grand total valuation, \$1,193,684.95. These figures show an increase over 1897 of \$126,268.01.

Prof. H. Gettymuden of Christiania, Norway, stopped over a day in Flagstaff last week to take a look at Saturn through the telescope of the observatory. His view was very satisfactory.

China Assents to Russian's Proposal and Cancels a Delay. [ASSOCIATED PRESS NIGHT REPORT.] LONDON, Aug. 11.—[By Atlantic Cable.] The Peking correspondent of the Times says: "The Tsung-Li-Yamen (Chinese Foreign Office) has given formal assent to all the conditions of the Russian Charge d'Affaires, M. Pavlov, regarding the contract for the Niu-Chwang Railway extension."

These conditions are in direct conflict with the terms of the signed contract, and are designed to block to the completion of the final contract.

An Odorous Cargo. SAN FRANCISCO, Aug. 11.—Soon after going on board the steamer Mariposa, the Hawaiian Commissioners discovered that the observatory, and when they learned that hundreds of boxes of onions were in the hold, they refused to accept the cargo. A vigorous protest was entered. Capt. Hayward and the superintendent of the dock were called in to aid, and the commissioners were forced to accept the inevitable. At 2 o'clock this morning the Mariposa had not passed out of the Golden Gate.

Ex-Minister Phelps Ill. BENNINGTON (Vt.), Aug. 10.—Hon. E. J. Phelps, the former Minister to England and professor of law at Yale University, is seriously ill at North Bennington. The trouble is in the region of the heart, and the physicians are in constant attendance.

Regular Ticket Elected. SAN JOSE, Aug. 10.—The Republican primary election throughout the county resulted in the election of the regular ticket by a large majority.

The American Volunteer. [Stockton Mail.] When Theodore Roosevelt or anyone else said that the Rough Riders and the regulars are three times as good soldiers as the State troops, he lies in his throat. Man for man, company for company, regiment for regiment, the American volunteer soldiers are the equal of any in the world. This is the fifth war in which the honor of the flag and the removal of our arms has been placed in the keeping of the volunteers, and never yet has that high trust been misplaced; never has it been anything but gloriously redeemed. The American volunteer soldier needs no defense. The story of his faith and valor and his achievement in arms is written brightly and splendidly across the pages of history. It is told by the tattered flags of many Grand Army posts. It is repeated at the campfires of the Veterans of the Civil War. It is proclaimed from the heights of Fredericksburg, the slopes of Gettysburg, the rolling hills of Chickamauga—from a hundred fields where American valor met American valor in desperate, bloody, famous fight. Let him who questions the fighting qualities of the American volunteer go witness among the thirteen volunteer dead, camped beneath the green graves and white headstones of Chattanooga's cemetery; let him stand beside the ten great men of Saltillo, where sleep twelve thousand unknown dead—but ninety of whose graves are known to anyone save God; let him traverse the quiet streets of Arlington or linger among the fallen at Nashville. Then let him bare his head and thank God for the courage and the sacrifice of the great volunteer soldiers—the men—these volunteers who died that the republic might live and be free forever. The sufficient answer of the volunteer to the question of his comrades is the supreme fact that the republic does live.

"Not yet," replied the Minister of Marine. "Let us wait until we hear that Watson is really on his way across the Atlantic. It will be time enough then to haul Camaras fleet twenty or thirty miles inland and thus foil the Yankee pigs."

## ALL ALONG THE LINE.

If "scorching" is a violation of the city ordinances Old Sol ought to have been arrested yesterday.

Capt. C. M. Simpson stated one of the cardinal principles of true Republicanism in the caucus at Pasadena Tuesday evening when he said: "You carry your sovereignty under your own hats."

One hundred and fourteen degrees in the shade, the record made by the thermometer at San Bernardino on Tuesday, leaves little to be desired in the way of a forecast of what awaits San Bernardinians in the future.

Every Republican who has changed his residence since the Great Register was issued and has not had the change registered should attend to the matter at once. Only a few days remain in which it will be possible to do so.

The sentiment of that Redlands man whose wife allowed a burglar to carry off his watch and some jewelry because she feared he would shoot the burglar if she awakened him, may perhaps, be imagined, but it is to be hoped he did not give full expression to them.

By their prompt and enthusiastic response to the call for volunteers in the war with Spain, the people of Arizona have done much to forward their claim to the privilege of Statehood. The election of a Republican delegate to Congress this fall will be a still further indication of qualification for local self-government.

A reader of The Times says there are but three public watering places for horses in the downtown part of the city—one at the Plaza, one at Ninth and Spring streets, and one at Seventh and San Pedro streets. The latter two are furnished by saloon-keepers. A considerable number of horses are kept in the central part of the city, at noon, and fed from nose-bags, and the owners complain of the inconvenience of obtaining water for them. The poor animals are likely to suffer from thirst these hot days on this account.

## LETTERS TO THE TIMES.

[The Times freely publishes the views of correspondents on timely topics, without holding itself responsible for opinions thus expressed. Letters should be brief, plainly written, clear in statement and properly vouched for. No attention is paid to anonymous contributions. Cut it short; the space of 250 words, on the average, is sufficient for the expression of an idea. When the contributions are too long for insertion in full, extracts will be printed.]

"It Will Be a Long Time," indeed. JOSHUA QUILL, San Diego: Were he not the "son of his father," and his name U. S. Grant, with a long purse, he would not be heard of, or even thought of, for United States Senator than plain Tom Featherbrain or Jimmie Lightsock. Even as it is, it will be a long time before he'll be "a bigger man than old Grant."

## Call a Halt!

JUSTICE, Los Angeles: Upon pages 387 and 388 of the World Almanac for 1898, appears the rate of all assessments of 114 cities of the United States for that year. Only nineteen of them, which are small and have enormous debts, show a rate of 2 per cent. on the \$100 for all purposes. In the matter of salaries paid to officials the following appears on pages 251-2-3, of the Tribune Almanac for 1898: "Vernon, Governor, \$1500; Attorney-General, \$1000; a year; Utah, Governor, \$2000; Attorney-General, \$1500; a year; Ohio, Governor, \$8000; Lieutenant-Governor, \$600; a year; Attorney-General, \$2000; a year; South Carolina, Governor, \$2500; Attorney-General, \$1000; a year."

Has not Los Angeles lost its head in the way of paying salaries to its officials? Every kind of business has shrunk one-half, including wages of the laboring man, so that he has been no let up on paying boom salaries; and what is worse, we are keeping a superfluity of officials to fill offices for which we have no cash only for political purposes. As shown by the United States reports it costs more to run Los Angeles county than it does to run several of the States.

I hope our Board of Freeholders will consider the times, the necessities of the people, and give us a charter of relief. We are contracting a very large bonded debt, with several millions, more to be issued for waterworks, etc., not one of which bonds can be owned by citizens of Los Angeles city and county, for the reason that they bear only 4 per cent. interest, which is surely enough, but when assessed as of late from 2 1/2 to 3 per cent. leaving the owner and investor but from 1 to 1 1/2 per cent. for the use of his money, people at home will not invest their money in them, so we have to bring them abroad and the eastern capitalists continually drain our treasury. Ought there not to be some way devised whereby we can issue our bonds at home, reduce our expenses, and give our people a rest?

Let us call a halt.

## JUDGE LYNCH'S DECISION.

FOUR ACCUSED NEGROES STRUNG UP BY AN ARKANSAS MOB.

Three Colored Men and a Woman Accused of J. T. Orr's Murder Taken from Jail and Hanged. Mrs. Orr Was Poisoned and Will Probably Die.

[ASSOCIATED PRESS DAY REPORT.]

ST. LOUIS, Aug. 10.—A special to the Post Dispatch from Clarendon, Ark., says: "About midnight last night a mob of about two hundred men visited the County Jail and took out the four negroes implicated in the assassination of John T. Orr on the night of July 30, and hanged them to the tramway of the Halpern sawmill, which stands about one hundred yards in the rear of the jail. The four persons hanged were Will Sanders, the one who fired the shot which killed Orr; Rilla Weaver, the mother of Sanders and the accomplice in the Orr household; Dennis Ricard, the 'voodoo' rector and conjurer, who tried to poison Orr with boiled snake heads, and Manse Castle, who volunteered to do the job and transferred it to Sanders. Miss Rachel Morris, accused of being an accessory before the fact, and Susie Jacobs, a negro woman accessory after the fact, have skipped out, and their whereabouts are unknown to the officers. Had they been in jail they would undoubtedly have gone with the rest last night."

"Mrs. Orr, wife of the murdered man, was in the corridor of the jail last night when the mob entered. She had taken something with suicidal intent, and Dr. P. E. Thomas, who was called to care for her, says she will die. The leaders of the mob examined Mrs. Orr critically and passed her, but many of them favored taking her with the rest. Her death seems to be but a matter of a few hours. If she recovers, it is stated that the mob will hang her."

"There is no doubt that the report that Mrs. Orr would certainly die, moved the populace to the lynching last night. Three previous demonstrations were made, and each time the crowd dispersed on the promise of offenders to rush the trial without change of venue or any delay in the proceedings. It was even said that a legal execution would be had during the week."

"Last night only the jailor and two deputies, R. F. Milwee and A. E. Howard, were at the jail, it being felt that the law would be allowed to take its course. Milwee and Howard were ordered to prevent the mob from taking the prisoners, going so far as to give out the statement that he had twenty-five guards behind him and would certainly order them to fire should an attempt be made at forcing the door open. The crowd hesitated a moment, parleyed a short while, and then forced the outer door. Milwee, seeing further resistance would be useless, turned over the keys and unlocked the combination doors to the cells."

"The negroes remained where they were hanged until 9 a.m. today. Great crowds viewed the gruesome sight of a woman and three men dangling six feet from the ground, with tongues protruding, and ropes cutting deep into their necks. The negroes seem to endorse the lynching, and many of them are open in their expressed satisfaction of the death of the rector, whose arts of voodoo and conjuring made him a subject of dread and fear among them."

"It appears from letters received by Mrs. Orr, through whom all the correspondence was conducted, that Mrs. Orr and Rachel Morris were to remain here until Orr's insurance money was collected, and then go to New York, where they were to meet two men and form a theatrical company. Mrs. Orr was also in correspondence with other men. A letter came in the mail this morning which read: 'Caldwell (O.) Aug. 6.—Dear Lorilla: Inclosed you will find a picture of me, as I was on the second day of August, 1898. Another matter has been brought to my attention since I wrote you last, and that is that our Common Pleas Court convenes on September 5, and I hardly need say I can get away in the month of September. Perhaps it would suit you to defer until October. Let me hear from you in regard to the matter. However, if you cannot defer it until October, I think I can arrange matters all right, but if it would be more convenient for you to defer it until October, I could stay longer with you, as I would have all my court affairs attended to for the September term. Trusting that you will be pleased with Ohio's 'Real Kid Mayor' I am, my dear Lorilla, yours, 'ARTHUR O. ARCHER.'"

"This letter is accompanied by a photograph of the 'real kid mayor' of Lorilla, on the back, 'Arthur to Lorilla.'"

## THE ASSASSINATION.

[A. P. EARLY MORNING REPORT.]  
LITTLE ROCK (Ark.), Aug. 10.—The Gazette, in a 5 o'clock edition, printed an account of the lynching at Clarendon, and added that Orr was a prominent young Jewess, Manse Castle, city. Last Friday night while making lemonade in his home, an assassin crept up to his window and fired a shot into his body from the effect of which he died the following day. There was apparently no clue to the assassin. Mr. Orr had just returned from choir practice at a church, of whose choir he was a member, while his wife was the organist.

Bloodhounds were put on the trail, but they were unable to run down the assassins. After an inquest extending over two days, a verdict was returned charging Mrs. Orr, the murdered man's wife, with being the instigator of the crime. Miss Rachel Morris, a prominent young Jewess, Manse Castle, Will Sanders, Dennis Ricard, Rilla Weaver, and Susie Jacobs, the latter five negroes, were charged with complicity in the crime. Castle was arrested Sunday, and barely escaped lynching. The mob had already gathered to swing him up, and would undoubtedly have carried out their plan but for the earnest appeal in behalf of his life made by Judge Thomas, who appeared on the scene just in time to prevent the lynching. He addressed the crowd, beseeching them to let the law take its course, and promised that the accused should have a speedy trial.

Castle was accused of firing the shot that killed Orr, but he denied his guilt. According to his story, one of the negro women involved in the case had told him that Mrs. Orr wanted her husband killed, and would pay \$200 to have the deed done. Castle agreed to the proposition, but later weakened and turned the job over to Ricard. Ricard likewise denied his guilt, and accused Castle. The negro women in the case had been employed as cook and servant.

in the Orr household, and it was shown at the inquest that they simply acted as agents of Mrs. Orr in securing a man to do the murder. What connection the Morris woman had with the case is not clear with the information at hand.

After the arrest of Mrs. Orr and the five negroes, Mrs. Orr made a confession. She admitted that she had said to her cook that she wished her husband dead and that she would be willing to give \$200 to anybody to kill him. But she said that this was uttered while in a fit of anger, and that she was innocent of any criminal intention. Her husband abused her, she said, and once struck her, and she, being of high temper herself, sometimes said things in anger that she did not mean. John Orr was several years ago a theatrical man, and in 1890 was manager of a theater in a small Wisconsin town. There he met and married his wife. The marriage was clandestine, and the bride's parents were opposed to it. They lived happily but a short time. Both were hot-tempered and quarreled frequently. A few years ago the Orrs settled in Clarendon, where the husband engaged in business. He prospered, and was considered wealthy at the time of his death. A young orphan daughter, the only issue of the unhappy marriage, is left an orphan.

## FINANCIAL AND COMMERCIAL.

**OFFICE OF THE TIMES.**  
Los Angeles, Cal., Aug. 10, 1898.  
**BONDS RETURNING.** The Treasury Department promptly mailed back checks to all unsuccessful bidders for the new bonds. No bidder gets anything who offered for \$3000. If an offer was for ten bonds of \$500 each that bid is considered to be for the government, and no award is made.

## COMMERCIAL.

**THEIR DEPENDENCE ON AMERICA.** The English government is considering the purchase of a large supply of grain to be held in case of an emergency. The strain in which England found herself during parts of last year to procure food causes this discussion. There were periods during the last year when there was no wheat enough in stock in the British Isles to last three months, and sometimes not enough in the larger cities to last three weeks. Supplies have to come from distant lands over thousands of miles of sea. In case of war with any nation possessed of a powerful fleet the people would starve.

It is interesting to note that other nations of Western Europe. They buy not only breadstuffs, but other foodstuffs. Home production does not keep pace with the growth of population. In 1888 France took \$400,000,000 worth of American goods. Last year the sum was \$100,000,000, an increase of 150 per cent.

In 1888 Germany bought goods here worth \$55,000,000; last year \$150,000,000, an increase of nearly 200 per cent. The United Kingdom of Great Britain and Ireland took last year \$100,000,000 worth of goods costing \$362,000,000; last year, \$540,000,000.

## GENERAL BUSINESS TOPICS.

**WHEAT.** In July the Liverpool Corn Trade News estimated the growing crop of the world as 344,000,000 bushels larger than last year, or 320,000,000 bushels more than actual requirements. This was based on estimates that France and America each would grow 96,000,000 bushels more than in 1897; that Roumania, Italy, Spain and Great Britain would grow about 80,000,000 bushels more than last year; and that of France from 320,000,000 to 360,000,000 as against three hundred and eighty million bushels in 1897.

Argentine shipments are small and now go to Brazil. India has reduced her stocks to a low point, and the Moscow market is overcast. In 1897, the American Consul here at Moscow reports Russia considering advisability of prohibiting exports of grain of small stocks and failure of spring wheat crop, caused by drought and heat. England reports "there are many blanks in the ears generally; and that the crop will not yield well in proportion to straw." Cables report the German wheat and rye crops will be only an average. Exporters have waiting orders for cash wheat but cannot buy much of it as the seaboard and primary export markets have no supplies of winter wheat. Bradstreet reports the world's visible stock of wheat, 1,200,000,000 bushels, against 1,400,000,000 bushels last year, when the visible was the smallest on record. In 1894 our visible stock was 1,400,000,000 bushels. Now the world's visible is but 2,000,000,000 bushels larger.

Many millers, from Ohio and Texas, claim much wheat is poor grade, light weight, and in instances about half of it goes to bran, and that the bran is worth about half as much per pound as wheat; that the winter crop wheat has been greatly overestimated, and may not produce as much flour as last year into the equivalent of fifty million bushels of wheat. July receipts at St. Louis were 1,400,000 bushels, as in 1896. They have but 140,000 bushels in store. Millers there are shipping wheat west to grind, instead of allowing it to be exported. They are buying 20,000 and 40,000 bushels in this country, and many of them are closed for inability to secure wheat. South-eastern States report a good quality and fair yield, and that farmers have threshed and housed their stocks, and in many instances say they got a good price last year—enough to pay for both crops; and they will be in a hurry about selling now. Bankers have plenty of cheap money, and the country has one-fifth more money than two years ago. The market for grain last September makes contract wheat worth about five cents per bushel more than No. 2 spring wheat. In 1893 August wheat sold at 84 cents, and in December at \$1.12. In 1897, 99 cents, and in September \$1.32. In 1876, in July, at 83 cents, and in December at \$1.38. In 1878, at 84 cents, and in December, at \$1.14. In 1880, at 85 cents, and in September at \$1.14. In 1882, at 86 cents, and in September at \$1.14. In 1884, at 87 cents, and in September at \$1.14. In 1886, at 88 cents, and in September at \$1.14. In 1888, at 89 cents, and in September at \$1.14. In 1890, at 90 cents, and in September at \$1.14. In 1892, at 91 cents, and in September at \$1.14. In 1894, at 92 cents, and in September at \$1.14. In 1896, at 93 cents, and in September at \$1.14. In 1898, at 94 cents, and in September at \$1.14.

**LOCAL PRODUCE MARKETS.** Eggs are weaker. One or two merchants freely offered round lots of guaranteed ranch eggs at 20 cents, and several others at 21 cents by the single box the best eggs so low.

Butter is firm at quoted rates, some local creamery product extra select, 20¢; fair to good, 19¢; eastern, 18¢. Young merchants are conservative about forcing local product above 15¢ while eastern sells at 10¢, and eastern tub at 45¢ for two pounds.

Green chiles are a cent lower. Green peas are firmer. Lima beans, green, are lower. Bartlett pears are lower. Grapes are weaker and will go lower. Lemons are selling at full outside prices and are sure to go higher.

Medians are very scarce these hot days, and good ones are worth full figures as quoted. New Texas prairie hay is on the market at 50¢ per ton, baling and covering cost included.

Old-stock dried peaches are higher and the market on all dried fruit is very strong.

There are undelivered telegrams at the Western Union Telegraph Company's office for F. T. Greer, A. L. Wicks, John Buckman, W. J. Shomer, O. H. Cobb, a frequent inmate of the City Jail, was arrested last night on suspicion at Second and Los Angeles street. He was trying to dispose of an expensive cigar, which the police believe he did not come by honestly.

A middle-aged man named Warren Coleman was brought to the Receiving Hospital yesterday morning from the corner of Fifth and Spring streets suffering from epileptic fits, and up to 4 o'clock had come from one to another every half hour. Dr. Hagan thinks he will be all right by morning, however.

## RECEPTION TO CANDIDATES.

Voters to be Given an Opportunity to Meet Them.

The reception tonight at Music Hall to all Republican candidates for city, county and state offices, under the auspices of the Young Business Men's Republican Club, promises to be an event of more than usual interest to members of the party. It is intended as an opportunity for the Republican voters of the city and county to meet the men who are aspiring to represent them in the offices to be filled at the coming elections. All Republicans are invited to attend the reception, for which an interesting programme has been arranged. It is expected that at least seventy-five candidates will be in attendance, among whom will be several from out-of-town points. Among those from a distance who have signified their intention of coming if possible, are Truman Reeves of San Bernardino, candidate for State Treasurer; Assemblyman Guy of San Diego, and Judge Blackstock of Ventura. Short addresses will be made by a number of the candidates and all of those from a distance will speak. The meeting will be opened with an address by President Frank F. Davis of the club. An orchestra will be in attendance to furnish music.

The reception will begin at 8 o'clock and will continue until 11 o'clock or later. Following are the names of the members of the Reception Committee: Alex. MacKee, chairman; Messrs. John J. Alkin, Alex. B. Bush, Dr. W. G. Cochran, Fred A. Clegg, Frank F. Davis, Frank Dominguez, Luther H. Green, E. K. Foster, Dr. E. W. Fleming, Dr. Ralph Hagan, W. P. Jeffries, Herman Lichtenberger, A. T. Johnson, T. C. Meyers, Robert Marsh, M. C. Neuner, and W. C. Patterson. The club, which has been organized two weeks, has a membership now of about two hundred, and is growing rapidly. It embraces as its members professional and business men between the ages of 21 and 35 years, and an associate membership of over fifty, composed of the best-known men in the city.

## FOUND AT PUENTE.

Horse and Phanton of James Fox Recovered Yesterday.

Last Sunday, while attending church James Fox hitched his horse and phaeton in the usual place, but when he came out they were gone.

The matter was reported to the Sheriff's office, and yesterday Under Sheriff Clement received word from a liveryman named Holloway at Puente that the horse and vehicle were at his place, he having discovered the outfit running at large near his place.

Mr. Fox was notified of the whereabouts of his property, and he came out yesterday and brought in the horse and phaeton.

The supposition of the officers is that a couple of hobos drove the rig out as far as Puente and then abandoned it.

## Charged With Criminal Libel.

F. Gance, the publisher and editor of the Union Nouvelle, was arrested yesterday afternoon and arraigned before Justice Morrison on a charge of criminal libel, preferred by J. P. Goytino. The article in question, which was libelous as published August 6, and refers to an alleged act said to have been committed some years ago where-in Goytino is charged with having made a written confession that he had forged the name of a relative for an amount something over \$3000. Justice Morrison set the examination down for August 20, and released Mr. Gance on his own recognizance.

## Alleged Burglars Discharged.

When the examination of the four boys charged with burglary came before Justice Morrison yesterday afternoon, the prosecution had a very weak case, resulting in the discharge of Irvin Ferry, Phil Kalb and Levy Palmer, while Richard McKenna was held to answer to the Superior Court, but to answer to go home with his mother, to be on hand when wanted. There were two cases against the boys, but the evidence was very conflicting.

## Where is Budlong?

Chief Glass has received a letter from Dr. J. M. McArthur of Platte, Kern County, Cal., asking for information regarding Alpha Budlong, a mining man who left that place on June 25 for Los Angeles, since which time nothing has been heard from him. He left there in company with another mining man named McEwen, having about \$80 in his pocket, and was seen until Mojave was passed. Budlong was on his way to this city to undergo treatment with Dr. J. H. Johnson for spinal trouble. Dr. Johnson has not seen him.

BUNCH OF CONVENTION RATES.

A Few Minor Notes and Some Personal.

The Southern Pacific and Southern California have got together and made special rates to a number of conventions to be held in the near future. August 12 to 29 the general assembly of the Holiness Church meets at Downey.

August 20 to 30 the State convention of the Universalist Church meets at Long Beach.

September 4 to 16 the Grand Army of the Republic will hold the annual encampment at Long Beach.

September 21 to 27 the Methodist Episcopal churches in Southern California will hold conference at Santa Barbara.

For all these events a round trip ticket will be sold at a one and one-third rate.

Certificates must be shown and a receipt given for each ticket.

F. B. Henderson, assistant to G. W. Nathan in the Santa Fe general offices, has come to view the Grand Cañon of the Colorado. To be sure, Fred goes in the style of an oriental prince, in a private car, but at least he is to start out for a trip across the desert.

Espes Randolph, Southern Pacific superintendent at Tucson, who has been here for a week, left yesterday for San Francisco, traveling in his private car. The steamer to Honolulu having filled up so rapidly, yesterday L. G. Kellogg, W. B. Thomas, and nearly a score of other Southern California people, left here to take the sailing vessel S. N. Castle to the islands. Mrs. Byron O. Clark and family of Pasadena were the party, and to join Mr. Clark, who has been in the islands for some time past.

This party also took up their abode in Honolulu, and take with them cows, chickens, and other stock, to go into farming. They secured tracts of land months ago at low prices.

The Burlington and other very select party of tourists yesterday for the East. Many of them were from Pasadena.

Los Angeles Boy in the Manila Fight. Among those engaged in the recent battle before Manila was a well-known young man from this city, named Harvey Van Norman, who has lived here with his parents on East Thirtieth street for some years past. Van Norman, although but 20 years of age, answered his country's call as soon as the first call was made, entering the regular army as engineer in the Third Artillery, U.S.A., under Capt. O'Hara.

The artillery command in which he enlisted is reported as having seen the thickest of the fight, and carried off honors.

Police Officer Fowler's wife, and has been known here for some time in athletic circles.

## Red Cross Notes.

The financial report of the Los Angeles division of the Red Cross Society shows cash receipts \$2586.28; disbursements, \$1397.92; balance in treasury, \$1188.36. The total membership is 350. The Orpheum benefit netted \$55.55, the expenses being only \$47.65.

Contributions of material have been received from Arizona and Long Beach. The new members reported yesterday are Messrs. Edward Lowmes, F. D. Valant, Misses Marie A. Etchepare, Augusta Stebler, A. E. Brotherhood, Jessie Brownstein, Max Isaacs.

The society has received from San Francisco a call for lemons, and is trying to collect a quantity for shipment.

## Fifth Ward Republicans.

The annual meeting of the Fifth Ward Republican Club will be held this evening at Main and Thirtieth streets. A president of the organization is to be elected at this meeting and other business of importance will be transacted.

## Marriage Licenses.

The following licenses were issued yesterday from the office of the Clerk:

Miles Durfee, a native of Illinois, aged 45 years, and a resident of Los Angeles, and Olive R. Hollis, also a native of Illinois, aged 35 years, and a resident of Los Angeles.

Willis Charles Carter, a native of Illinois, aged 30 years, and a resident of Arizona, and Edith Mary Langley Appleford, a native of England, aged 19 years, and a resident of Los Angeles.
